I certainly agree with you that in fact, the Civil Rights Movement was an exemplary model of the power of rhetoric and arguments. Many of the battles fought in the movement were executed by articulating and reemphasizing themes found in our Constitution and other founding documents, as well as organizing public demonstrations through marches and other protests.

V.2: Building upon their critically acclaimed first volume, Davis W. Houck and David E. Dixon's new Rhetoric, Religion, and the Civil Rights Movement, 1954-1965 is a recovery project of enormous proportions. Houck and Dixon have again combed church archives, government documents, university libraries, and private collections in pursuit of the civil rights movement's long-buried eloquence.

The Civil Rights movements' primary strategic approach was, of course, non-violent mass civil disobedience. The major advances of the civil rights movement can be linked to the marches — sometimes in defiance of court injunction — sit-ins, freedom rides, attempts to vote or register, and demonstrations that landed thousands of people in jail and some in their graves.
