Firmware download LG V20 H910 - Firmware.WIP
The LG V20's automatic mode for pictures isn't as good as many other smartphones. The biggest drawback to me of the H990DS is that has no setting for making wi-fi calls. As a non-carrier-branded V20, the H990DS is dependent on LG for future software and security updates, and LG does not a good history of providing them.
