Yes, you can use personal experience in a research paper. You can even write anything you feel is relevant to your research. But the fact that you can doesn't mean you should. A personal account of an event covers one side of the story and skews your perception of the subject in favor of your biases.

### Can you use a personal experience in a research paper? - Quora

A reflective essay is a written piece of literature that focuses on presenting and narrating a person's experience and how it becomes an instrument towards a change of perception in life. It is a way for a writer to share an important event in his/her life and how it affected him/her so that others may learn something from it.

### 19+ Reflective Essay Examples & Samples in PDF

Using personal experience effectively usually means keeping it in the service of your argument, as opposed to letting it become an end in itself or take over the paper. It's also usually best to keep your real or hypothetical stories brief, but they can strengthen arguments in need of concrete illustrations or even just a little more vitality.
