## **The Science of Ecology by Richard Brewer**

Richard Brewer covers the topic of Ecology in a very untextbook  
fashion. The book is actually enjoyable to read!!! I highly suggest  
it for new students of ecology and old students that need the  
assistance of Dr. Brewer to keep current in this rapidly  
advancing field. Lay persons will enjoy this book as well.

## **The science of ecology (1988 edition) | Open Library**

Richard Brewer joined the Western Michigan University faculty in 1959, a year before I did in 1960. We both retired in 1996, but he had a much more productive record in research, publishing, and teaching. It was so much so that at least once I had nominated him for the Distinguished Faculty Scholar award.

## **Evolution Insights: Richard Brewer: A Tribute**

Richard Brewer is a biological scientist and author. Perhaps his best-known book is Conservancy: The Land Trust Movement in America, published in October 2003 by the University Press of New England under the Dartmouth College imprint. It is currently available as a paperback and an e-book. Other books include the first breeding-bird atlas of Michigan and a text book of general
