But it's not at all necessary to visit a medical spa. You can successfully treat acne with topical and/or oral medications that you get from your regular physician or dermatologist. And, if you do happen to need an in-office treatment procedure, your dermatologist can offer that to you as well, no spa needed.

What a Medical Spa Can Do for You - Verywell Health
If you struggle with sleep, one of the many benefits of a spa trip is that many treatments can help you to catch more of those valuable Z's. Massages completely relax your muscles and lower your blood pressure, also helping you to maintain a healthy heart rate, all of which contribute to a better night's sleep. 4. Relieves Aches and Pains
