In The Geek Manifesto Mark Henderson explains why and how we need to entrench scientific thinking more deeply into every aspect of our society. A new movement is gathering. Let's turn it into a force our leaders cannot ignore. This edition includes an appendix: 'A Geek Manifesto for America' by David Dobbs.

The Geek Manifesto: Why science matters - Mark Henderson ...

Why Science Matters. Well well. This was not news I was expecting. Via Beck Smith of the Campaign for Science and Engineering, I've just learned that David Tredinnick has been chosen by his fellow Conservative MPs to fill a vacant place on the Commons Science and Technology Committee (see point 69 in the link).. Tredinnick is one of the stars of the Geek Manifesto — and not in a good way.
