The Lobotomist: A Maverick Medical Genius and His Tragic ...

The Lobotomist explores one of the darkest chapters of American medicine: the desperate attempt to treat the hundreds of thousands of psychiatric patients in need of help during the middle decades of the twentieth century. Into this crisis stepped Walter Freeman, M.D., who saw a solution in lobotomy, a brain operation intended to reduce the severity of psychotic symptoms.

The Lobotomist: A Maverick Medical Genius and His Tragic ...

Dr. Walter J. Freeman ranks as one of the most scorned physicians of the twentieth century, a man widely remembered as a loose cannon who worked beyond the boundaries of accepted medical practice to appease his own personal demons. The myths surrounding Freeman and the operation that made him famous—lobotomy—still

Jack El-Hai was interviewed about his book *The Lobotomist: A Maverick Medical Genius and His Tragic Quest to Rid the World of Mental Illness*, published by Wiley.

[The Lobotomist: A Maverick Medical Genius] | C-SPAN.org

The book gives an unbiased account of the personal, family, medical and academic life, the motivation and the personality of Walter Freeman, aka the lobotomist. It is a must read for everybody who has a mediatized negativistic view of this medical doctor, whose intentions were to do good for patients and humanity, but are distracted by his showmanship.

World
Aside from the Nazi doctor Josef Mengele, the US neurosurgeon Walter Freeman ranks as the most scorned physician of the 20th century. The operation Freeman refined and promoted, the lobotomy, still maintains a uniquely infamous position in the public mind nearly 70 years after its introduction and a quarter of a century after its disappearance.
